

YOUR SUPPORT HAS CHANGED LIVES.

Elizabeth's father died and she had to care for her mother and sister with no support.

Hope Gardens came to hear about Elizabeth's situation. Through sponsorship Elizabeth was able to go to school.

She succeeded at school and was inspired to serve other people - Elizabeth trained as a nurse.

After graduating Elizabeth was employed at Hope Garden's medical centre caring for families who are most in need.

Elizabeth can now afford to rent a home where she cares for her two nieces and her mother.

HOW YOUR FUNDS HELP

Elizabeth is pictured here outside her own home which she proudly shares with her two nieces. She was supported through secondary and higher education by Hope Gardens

By supporting children and giving them access to education it brings opportunities and hope for individuals such as Elizabeth.
